# County of San Luis Obispo

TO: Board of Supervisors

FROM: Administrative Office / Penny Burciaga, 781-5011

DATE: 1/14/2014

SUBJECT: Submittal of the County's 2013 Annual Report. All Districts.

## **RECOMMENDATION**

It is recommended that the Board receive and file the County's 2013 Annual Report.

## **DISCUSSION**

In an effort to enhance communication with the public, the Administrative Office published the County's first-ever Annual Report in 2010. Based on positive feedback from the Board and community, we have continued to publish the annual report each year.

The 2013 Annual Report presents a broad overview of county operations by functional area, such as Public Protection or Health and Human Services. Each section depicts the overall budget for that area, and provides performance highlights and feature stories for selected departments and programs.

This year's report continues our commitment to telling the story of the many contributions made by County Departments in our community every day. In keeping with this commitment, the theme for this year's report is "A Well Governed Community," which is one of five countywide results adopted by the Board of Supervisors.

The report has a different look this year, which represents a shift in approach. The report now includes more video and slideshow content, which helps to better present both the human aspect of what we do and the facts and figures that demonstrate our success.

As in past years, the Annual Report is published solely as a web-based document. The online format allows readers to view the report using tablets and mobile devices, and enables integration with social media. The Annual Report is available through the County's website and at [SLOCountyAnnualReport.com](http://SLOCountyAnnualReport.com).

## **OTHER AGENCY INVOLVEMENT/IMPACT**

All County departments contributed to the report.

## **FINANCIAL CONSIDERATIONS**

This report was prepared by existing staff and is intended to be viewed and used as a web-based document.

## **RESULTS**

The County's 2013 Annual Report provides the Board, community members and stakeholders with an overview of county operations and an update on some of the County's activities and major accomplishments.
